INSTRUCTIONS

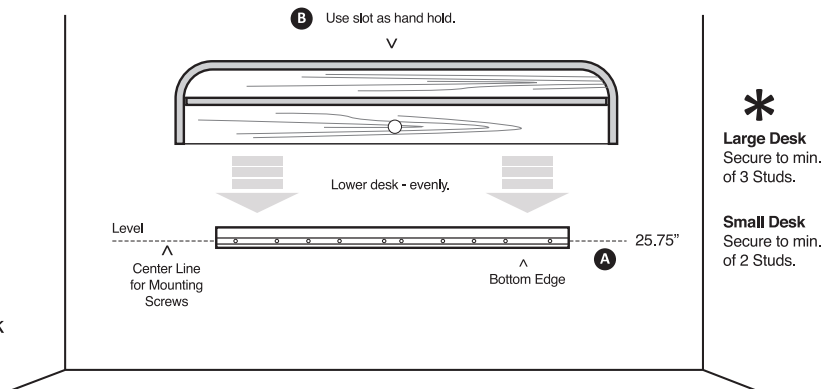

STEP 01

- A** Determine the location for your desk. Using a stud finder to locate a minimum of 3 studs for the large desk and minimum of 2 studs for the small desk. Mark the wall.
- B** For sitting height measure 25.75" from the floor. Use your level.
- C** To determine ideal standing height stack books on a desk to desired height. Once you have discovered your sweet spot make note and subtract 3.25".

STEP 02

- A** Make sure bracket holes are centered on the mounting line and it is straight and level. Use drill to pre-drill into studs with 1/8" bit then screw in supplied wood screws, securely.
- B** Lift the desk using slot as hand hold and lower onto bracket evenly. Tap top of desk firmly to ensure it is fully settled.

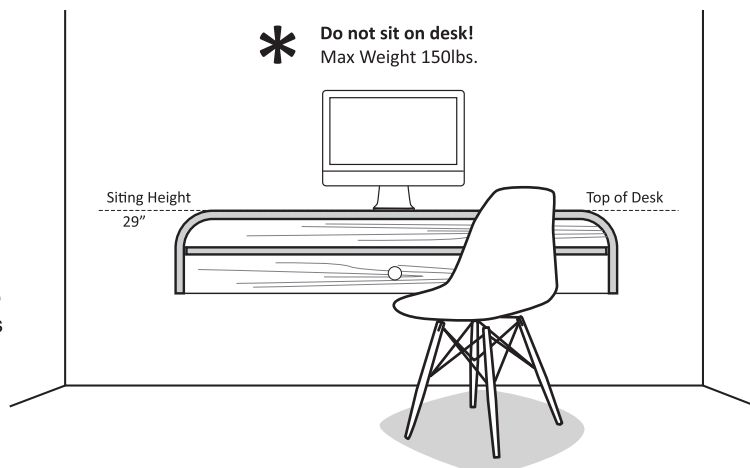

STEP 03

Now you are ready to enjoy your Minimal Wall Desk!

CARE INSTRUCTIONS

To care for your desk clean it with a damp cloth. Do not use oil based wood cleaners or harsh chemicals.
